Report Summary- Act 140 Direct Shipping Revenue FY07

The primary purpose of this act is to make statutory changes in the Vermont shipping laws so that Vermont will be in compliance with the federal constitutional requirements regarding direct shipping of vinous beverages as laid out in *Granholm v. Heald*, 544 U.S. 460 (2005). To that end, it is the purpose of this act to authorize both in-state and out-of-state wineries to ship wine to Vermont consumers and retailers on even-handed terms. It is further the purpose of this act to restrict sales of alcoholic beverages to underage individuals, collect all state excise and sales tax due on the commerce of alcoholic beverages, and ensure a transparent, enforceable and accountable distribution system for alcoholic beverages.

Pursuant to Section 9 of Act No. 140 of 2006, this report details increases in FY07 revenue for in-state and out-of state vinous beverage consumer shipping licenses.

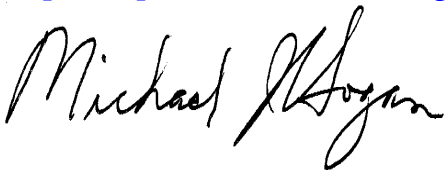

The Department of Liquor Control began receiving license applications soon after the passage of Act 140 of the 2006 session. The revenues listed in this report are from in and out of state direct shippers of vinous beverages.

At the conclusion of fiscal year 2007, 137 direct shipper-to-consumer licenses were issued for revenue of \$41,100. Also, 10 direct shipper-to-retailer licenses were issued for \$2,000 in revenue. The total revenue for FY2007 for direct shipper licenses was \$43,100.

The report includes a listing of licensees who hold a direct shipping license for either consumers or retailers. Application information and sample licenses are also included as well as forms used by direct shippers for reporting information.

For further information on direct shipping of wine, visit our web site at:
