

About Tobacco Fee Changes

- The total sum of those fees, when applicable, must be forwarded to the Commissioner and then promptly deposited into the Liquor Control Enterprise Fund.
- The DLL Licensing Portal will handle fee transactions and payment processing. No action is required from town/city clerks relative to fees.
- The Department is committed to going digital, which will streamline your approval processes and the process for external applicants.

Tobacco Licenses and Tobacco Substitute Endorsements must be submitted to the municipality's local governing body for approval first. This must take place before issuance by the State (DLL)
